ГДЕ МАЛЮТКИ?

The image is a monochromatic green-toned illustration of a fantastical, ornate interior. The walls are covered in intricate, swirling patterns and architectural details, including arched doorways and decorative panels. A bright, glowing orb of light hangs from the ceiling, casting a strong glow. In the foreground, there is a dense field of stylized, leafy plants. A small white sign with Russian text is attached to a branch on the left side of the scene.

Говорят, что в ночь, когда были созданы Шубамубансы, весь мир улыбался, слушая залихватский смех Пузыря-Сновидца... Люмы светили ярче и танцевали от души, а Сердце Мира пульсировало в едином ритме безграничных просторов космоса.
